Strengthening Our Commitment to Security

Since 1967, Boyd & Associates has been committed to providing reliable security solutions for homes, businesses, and communities of all sizes. By combining advanced systems, responsive service, and well-trained security teams, we've built a strong reputation for deterring, detecting, and responding to threats with efficiency and precision.

Our dedication to using the latest technologies and our pursuit of excellence has earned us the trust of industry leaders and homeowners across Los Angeles, Ventura, Orange, and Riverside counties.

We're pleased to share that we've made two important acquisitions that further strengthen our presence and enhance our offerings:

Premier Built-In Systems

Boyd & Associates is proud to welcome Premier Built-In Systems into our family. With over 30 years in the security alarm industry, Premier Built-In Systems has been a cornerstone of protection. Roger, the owner, has always prioritized customer service, much like we do at Boyd & Associates. This acquisition not only strengthens our already strong presence in Southern California but also allows us to expand our offerings, including 24-hour service, our BOYD SMS app, and enhanced capabilities with CCTV cameras, video doorbells, environmental monitoring, and video verification.

Alltech Alarm

We're also excited to announce the acquisition of Alltech Alarm. This acquisition allows us to broaden our reach and continue to offer our reliable security solutions to even more homes and businesses across the region.

These acquisitions reflect our ongoing commitment to delivering high-quality, innovative security solutions. As we grow, Boyd & Associates remains dedicated to protecting what matters most to our clients.

TOP 5 REASONS TO GET A VIDEO DOORBELL!

Investing in a video doorbell is a smart move for anyone looking to enhance their home security, increase convenience, and protect their property. Here are the reasons you need a video doorbell:

- 1) **Deter Intruders:** A visible video doorbell can discourage potential intruders from targeting your home.
- 2) **Monitor Remotely:** See speak with visitors from anywhere, right from your smartphone.
- 3) **Capture Evidence:** Record any suspicious activity at your front door, providing valuable evidence if needed.
- 4) **Protect Packages:** Keep an eye on deliveries and prevent package theft with real-time monitoring.
- 5) **Increase home value:** Modern security features like a video doorbell can enhance your home's value and appeal.

Wildfire Season Preparation

PREPARING YOUR HOME IN SOUTHERN CALIFORNIA FOR WILDFIRE SEASON

Wildfire season is a serious concern for homeowners in Southern California. Preparing your home can make all the difference in protecting your property and loved ones. Here are key steps to take:

-  **Create Defensible Space**
Clear vegetation and debris at least 100 feet from your home. Trim trees and remove dead plants to reduce fuel for fires.
-  **Use Fire-Resistant Materials**
When building or renovating, choose fire-resistant materials for your roof, siding, and decks. This can significantly reduce the risk of your home catching fire.
-  **Clean Gutters and Roofs**
Remove leaves, pine needles, and other flammable debris from your roof and gutters. These materials can easily ignite and spread flames to your home.

-  **Install Ember-Resistant Vents**
Embers can enter your home through vents. Install ember-resistant vents to block these entry points and keep your home safer.
-  **Prepare an Emergency Kit**
Have an emergency kit ready with essentials like water, food, medications, and important documents. Make sure your family knows the evacuation plan.
-  **Stay Informed**
Sign up for local alerts and stay updated on wildfire conditions in your area. Being informed can help you act quickly if a fire threatens your home.

By taking these steps, you can help protect your home and family during wildfire season. Preparation is key to minimizing risks and staying safe.
